## **NEAR-DISPERSION**

*1958 Mid-Kansas Champion Bull*

ELCONA ROBIN STANDARD

**Thursday, December 17, 1959**

**DIGHTON, KANSAS**

**MAKE PLANS NOW TO ATTEND OUR  
NEAR DISPERSION SALE ON**

**THURSDAY, DECEMBER 17th at DIGHTON, KANSAS  
12:30 P.M. – Dighton Livestock Market Sale Pavilion**

Dighton is located 24 miles east of Scott City on U.S. Hiway 96,  
or 100 miles west of Great Bend.

**SELLING 85 HEAD**

**25 Cows with Calves  
at foot.**

**22 Bred Cows and Heifers**

**5 Open Heifers**

**9 Bulls including our junior  
herd sire, Springdale Chal-  
lenger 16th by the \$3,000  
Saltoun Challenger – and**

**8 of his Yearling Sons**

This almost amounts to a dispersion sale as every producing female in the herd is being sold, right on down to the 1956 calf crop. Consequently, a good many outstanding cows are being offered.

THE 9 BULLS FEATURE the three-year-old herd sire, SPRINGDALE CHALLENGER 16th by the \$3,000 Saltoun Challenger and 8 of his yearling sons.

Every female calved prior to 1956 sells, and there will be 13 daughters of CAMPEON UPRIGHT by the \$63,000 Perth champion, Pittodrie Upright; 12 daughters of the Mid-Kansas champion, THE CANDY KID by Curtiss Candy Calypso who was by the \$8,000 Denver champion, Edellyn Peerless Mercury and out of the \$5,000 cow, Rosebud of Marellbar 2d. There will also be daughters of LEVELDALE BULWARK, GREGG FARMS VINOSSE and LEVELDALE BLOCKADE. Featured will be the get and services of Elcona Robin Standard, the 1958 Mid-Kansas grand champion bull. He is sired by W L Bank Standard, the second high-selling bull at the 1953 Chicago International Sale, he by the International grand champion, N-Bar Prince. Here's an exceptional group of thick, beefy-bodied females of solid colors. This has been one of the most carefully selected cow herds in Kansas and are being sold right off pasture in strong breeding condition.

## GENERAL INFORMATION

**LOCATION** – The sale will be held at the Dighton Livestock Market Sale Pavilion, Dighton, Kansas. Dighton is located 24 miles east of Scott City on U. S. Hiway 96, or 100 miles west of Great Bend.

**TERMS** – The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off, but the management will attend to loading on cars or trucks in compliance with instructions from purchasers.

**GUARANTEE** – All cattle will be sold under the guarantee of the American Shorthorn Breeders' Association.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the sale manager nor the clerk of the sale assumes any liability, legal or otherwise.

A certificate of registry and a signed transfer will be furnished for each lot sold, and an application for registry will be furnished for each unborn calf sold in dam.

Where footnotes appear in this catalog, they were furnished by the consignors or written from information supplied by the consignors.

We shall not be responsible for any accidents that may occur but we shall make every effort to provide for the safety and comfort of our guests.

**BIDS** – Those wishing to buy, who cannot be present, may leave with or send their bids to the sale manager, Mervin F. Aegerter of The Shorthorn World; to Ted Aegerter of the American Shorthorn Breeders' Association, Seward, Nebraska; to the auctioneer, E. T. Sherlock, St. Francis, Kans., or to the press representatives, Jim Orton, Kansas Stockman; Mike Wilson, Kansas Farmer, Topeka, Kansas; or to Lot Taylor, Sec'y, Kansas Shorthorn Breeders' Association, Manhattan, Kansas.

**BUYERS FROM A DISTANCE** – Excellent hotel and motel accommodations will be found in Scott City, Kansas, as well as in Dighton, Kansas. Any late day messages can be directed to the Sale Manager, MERVIN F. AEGERTER, at the Dighton Livestock Market Sale Pavilion, located at the northwest edge of Dighton.

## Offering You Females with Production Records

Holding what almost amounts to a dispersal sale at this time has been a tough decision for us to make. But, under conditions beyond our control at the moment, we are making this drastic reduction in numbers in order that we may do a better job with the remainder.

We want to emphasize that this is definitely not a culling operation; and in order to dispel any possible suspicion in that direction, we have started with our older cows and have gone right down the list to our youngest cows of producing age. Consequently, we have sacrificed a good many producers that we would much rather have kept.

It was a problem to decide which herd bull we should keep, but since we are retaining a number of promising young heifers by Springdale Challenger 16th, we are keeping Elcona Robin Standard to mate to them.

You will be able to buy these good, working cattle without paying for a lot of unnecessary conditioning; however, we expect to have them in good thrifty breeding condition for sale day.

Of course, we would like to have everyone possible attend this sale as a prospective buyer, but whether we can supply your needs or not, we extend a very cordial invitation to you to attend.

I. J. SPITZER

# BAR-SIGMA FARM NEAR-DISPERSION

## Here's What Our ---- Veterinarian Says -

I have personally handled the veterinary problems of I. J. Spitzer's herd for the past twelve years. He has maintained a vigorous animal health program during this entire period. He has followed a Brucellosis calfhood vaccination program for the past fifteen years — long before the State-Federal program started.

During this twelve-year period, I have never found a T. B. reactor or a Brucellosis reactor. His entire herd has been entirely segregated from any other cattle, as his entire program has been a cow - calf operation.

I would personally vouch for the health of the I. J. Spitzer Shorthorn herd.

R. H. SPENCER, D.V.M.  
Scott City, Kansas

DIGHTON, KANSAS • DECEMBER 17, 1959

## Here's One of the Best Buying Opportunities of the Entire Fall Season

During the past 10 years, Mr. Spitzer and the late Mrs. Spitzer were familiar buyers of the very tops at the midwest's leading sales. They bought tops at Sni-A-Bar, Merryvale, Tomson Bros., Henry Dietz, Kansas State and Mid-Kansas sales. Early in the business, they were fortunate in acquiring CAMPEON UPRIGHT by the \$63,000 Perth champion, Pittodrie Upright, and out of Sni-A-Bar Bloom by the great Edellyn Campeon Mercury. I personally question whether there were any greater sons of Pittodrie Upright any place in America and there will be 13 daughters of this bull selling. In 1953, they purchased the Mid-Kansas champion and top-selling bull, The Candy Kid by the \$3,000 Curtiss Candy Calypso, who in turn was by the \$8,000 Edellyn Peerless Mercury and out of the \$5,000 Rosebud of Marellbar 2d.

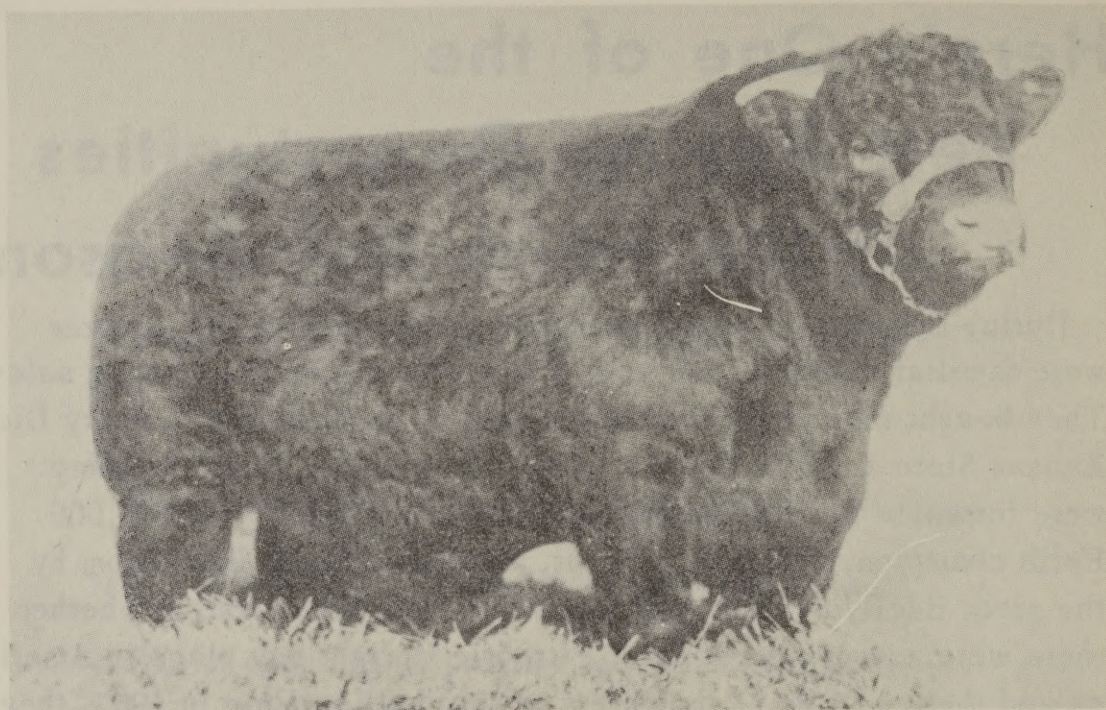

This has been the kind of breeding that has resulted in a tremendous beef cow herd. Now, due to conditions beyond his control, Mr. Spitzer is making a drastic herd reduction. The cow herd has always been very closely culled for type, color, quality and production record. Now you can buy every one of them right down to the 1956 calf crop and not a single animal has been reserved. This Springdale Challenger 16th, only a three-year-old, is really quite a bull. They are selling him because they have many of his younger daughters retained in the herd and these can be mated to the senior herd sire, Elcona Robin Standard.

The cattle are being offered in just strong breeding condition, but the quality is extra good — and here's a sale that buyers from a distance should make every effort to attend.

MERVIN F. AEGERTER

Sale Manager

## **Standard Guarantee of the American Shorthorn Breeders' Association**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
